

Cover Letter

Dear Hiring Manager,

I am excited to apply for Mid-Level to Senior technology role within your Software development department in your organization. With over four years of experience as a Cloud-Native Software Engineer and Full Stack Developer, I bring a strong technical foundation supported by a Bachelor of Science in Computer Science and certifications as an AWS Cloud Practitioner and Kubernetes Cloud Native Associate.

I have designed and deployed scalable, secure cloud-native applications across AWS, Google Cloud, and Oracle Cloud platforms, leveraging modern programming languages including Python, Go, JavaScript, and Java. My expertise spans container orchestration with Kubernetes, infrastructure automation with Terraform and Ansible, and AI/ML integrations that enhance customer engagement and operational efficiency. I thrive in Agile environments, collaborating effectively with DevOps, QA, and product teams to deliver innovative solutions aligned with business goals.

I am eager to contribute my technical skills and leadership mindset to your company's growth and technological advancement. Thank you for considering my application. I look forward to the opportunity to discuss how I can add value to your technology team.

Sincerely,
Walter Banda
